## BESPOKE ACCESS PANELS

We can build access panels to any size or colour specification using Zintec or stainless steel. With personal account management we work with you and offer flexible delivery and call offs on large volume orders.

#### Fire Rating

1 or 2 hour fire applications providing greater protection in the event of a fire.

#### Acoustic Panels

Used in hotels, concert halls etc, to provide consistent sound-proofing in walls and ceilings.

#### Security Panels

Multiple levels of security for communal areas, prisons, hospitals & schools.
